

## Description of How FannieMae.com MBS Data File URLs Will Change Effective Mid-May 2013

### Changes to the Web Page URLs

The changes highlighted below will be systematically applied to the URLs for all FannieMae.com web pages with embedded MBS data files. The format below (changes highlighted in bold) is a guide to edit your system references to the data collection listing page.

#### Example of How Web Page URLs Will Change:

**Current URL:** <http://www.fanniemae.com/mbs/data/mbs/armsubtypes.jhtml>

**New URL:** <http://www.fanniemae.com/portal/jsp/mbs/data/mbs/armsubtypes.html>

### Changes to the Data File URLs (.csv, .pdf, .xls, .txt files):

The changes highlighted below will be systematically applied to the URLs for each data file available on the web pages for which the URLs will be changed as described above. For the data file URLs, only the text between the double back slashes and the first single back slash is changing. The remainder of the file name will not change. It will uniformly change from:

<http://documents.efanniemae.com/.....>  
to:  
<http://www.fanniemae.com/.....>

#### Example of How Actual Data File URLs Will Change (.csv, .pdf, .xls, .txt files):

If any of Current URLs are:

<http://documents.efanniemae.com/syndicated/documents/mbs/mega-collateral/FN0033.txt>  
<https://documents.efanniemae.com/syndicated/documents/mbs/mega-collateral/FN0033.txt>  
<http://www.efanniemae.com/syndicated/documents/mbs/mega-collateral/FN0033.txt>

The New URL will be:

<http://www.fanniemae.com/syndicated/documents/mbs/mega-collateral/FN0033.txt>
